

2024 Patient Care Fundamentals (Clinicals Class)

Summer Work

Surprise! I am sure that most of you didn't expect summer work from me. Don't worry...it is just review and taking care of some things that will make the fall a bit easier for all of us. Please take care of the following things this summer:

1. Stop by Scrubs of Evans **in late July** to order and pay for your scrubs. We will have red tops and charcoal grey pants. Most students order 2 sets because we will go everyday for a month or so. **Bring in your receipt on the first day of school for a 100 Homework Grade.** The Scrubs will be delivered to the school after everyone orders and they complete the embroidery.
2. For CNA testing you are going to need a signed Social Security Card that is not laminated. Please find it over the summer and memorize the number and bring in the actual card on the first day of school for another **Homework Grade!** If you cannot find it, please go ahead and go to the Social Security Office and get one ordered. **Social Security Cards are always FREE** so if you try to order one online and they charge you it is a SCAM!!!! I had this happen to a student in the past and it delayed her testing significantly.
3. Your last assignment is to review the Dean Vaughn Medical Terminology (all 350 terms) and A-Z Medical Abbreviations. Be prepared for a cumulative multiple choice test on the Friday after we return to school. Don't stress...it will be multiple choice, but you will have to break apart medical terms and determine their meaning. Review a couple of lessons each week and remember that there are quizlets already prepared for each lesson!

I am so looking forward to teaching each of you your SENIOR year!!! It is going to be a great year. Rest up, study up and pray up!

Mrs. Jenkins
