PATIENT CARE FUNDAMENTALS

Amy Colbert, RN, MSN

Just a few things..

Happy Summer! I'm sure many of you were thinking there would not be summer work for CNA students, but there are a few things to accomplish that will make life easier for us in the fall. Please take care of these few things during summer.

Scrubs of Evans

Please visit Scrubs of Evans off of Washington Road in July to order & pay for your scrubs. This year will be doing black tops/black bottoms. We will be spending 2-4 days a week at our clinical sites. Feel free to order two sets. Let the staff know you are from ACS and they will take care of the rest. Bring in your receipt on the first day of school as your FIRST homework grade. The scrubs will be delivered to ACS when ready.

Social Security Card

For CNA testing, you will need a signed social security card that is not laminated. Please find it over summer. Memorize the number and be ready to write it out the first day of school for another homework grade :) You will need this number for so many things this year so have it memorized!

Medical Terminology

Please review the Dean Vaughn Medical Terminology and A-Z med abbreviations. Be prepared for a cumulative multiple choice test the Tuesday after we return to school.

2026/27 is going to be a year of fun and experience!!

I am very much looking forward to teaching each of you this coming year! Enjoy your summer & come back ready to get involved and help care for those who are in need.

I will be checking my email periodically over summer. If you have questions or issues, please feel free to email me when needed.
